

# NUXX

MINI PEDAL

**MICRO USB PORT**  
Connect to PC/MAC using a micro USB cable for upgrade of firmware.

**Note:** You can't connect a USB power supply to the USB port. A conventional power supply is required for operating this product.

**POWER IN**  
9V DC with center negative, and capable of supplying 300mA or more.

## INTRODUCTION

The chorus sound of Rivulet is just like the river sound- crystal clear. You could change the sound core through USB as well, we'll release the newest sound model from time to time. Get any legendary model you like even it's only a small pedal.

## Features

- Remarkable algorithm for highly accurate recreate of analog BBD circuit and the associated pulsating driver circuitry.
- Buffer or true bypass selection to get the best performance requirement.

## Performance

- Ultra low noise, high performance 96kHz/24bit A/D and D/A converters
- 100dB typical Dynamic Range.
- Zero latency analog routing for superb audio performance.
- 32-bit floating point processing with high performance DSP core
- Micro USB port for upgrade firmware.

## More

- Luminous knobs for checking on the dark stage
- Strong and lightweight aluminum die-cast chassis
- 9V center negative DC supply, 93mA current draw
- Dimensions: 94(L) X 51(W) X 53(H) mm / 3.7(L)X2.0(W)X2.08(H) inches
- Weight: 174 g / 6 oz

## Setting the Bypass Mode

Connect a 9V power supply to the DC input socket:

- The LED will blink in green briefly to indicating current mode is buffered bypass.
- The LED will blink in red briefly to indicating current mode is true bypass.

To change the bypass mode, unplug the pedal first, and press and hold the footswitch while re-applying power to the pedal. the pedal will cycle to the next mode, and the color of led indicates the current mode.

\* Specification may change without notice.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
